

How do I start?

Getting started with Easy-XS is, well, easy. Registration is as simple as clicking the word Register in the log in form on the home page. This will take you to a screen to request a userid, email address and allow you to select a password. Once you have selected these items, the program will send you a confirmation email which will contain a link to activate your account. That is it! You are now registered. When you decide to bid on an item or to sell your excess, more information will be needed and the necessary form will be generated. At no time do we request any type of payment or credit card info. Register Now!!
